LEARN MORE

ABOUT US

Eagle TG excels in providing a wide range of comprehensive telecommunications solutions tailored to a diverse customer base ranging from commercial enterprises to federal agencies. Our technical expertise is evident in our ability to design, implement, and maintain secure, reliable, and cost-efficient telecommunications systems. We specialize in a comprehensive suite of services, from indoor/outdoor fiber optic implementations and CAT 6 network cabling to more sophisticated Distributed Antenna Systems (DAS) that bolster wireless connectivity in intricate environments. Our portfolio is extensive, addressing the needs of expansive facilities with low voltage cabling solutions and state-of-the-art DAS networks. Our team is dedicated to delivering products and services of the highest quality, guaranteeing that client needs are not only met but exceeded with great satisfaction.

PAST PERFORMANCE

Project: **BAMC COTO DAS Expansion**
Customer: DHA/Brooke Army Medical Center (BAMC)
Date: 09/2023 – 06/2026
Contract Value: $8.6M
Description: We are installing and configuring CommScope brand ERA® DAS C-RAN neutral host antenna system and ION-E® Universal Access Point 2 (UAP2) supporting all major Mobile Network Operators' (MNOs) 5G frequencies within BAMC and Consolidated Office Tower (COTO) buildings located at Joint Base San Antonio (JBSA) Fort Sam Houston, TX. The DAS will provide 95% coverage across 13 floors and over 2.1M square feet. We are additionally installing CommScope brand ONECELL® small-cell network platform at the Taylor Burk Clinic on JBSA Camp Bullis multiplying the capacity of available spectrum for over 15K square feet in real time to support intense usage surges and eliminate border interference and call drops due to handovers.

Project: **METC DAS Installation**
Customer: DHA/Medical Education Training Center (METC)
Date: 09/2020 – 03/2023
Contract Value: $2.3M
Description: We installed and terminated new cabling and fiber, covering a total of 749K feet across 20 floors in five buildings, and the installation of CommScope UAPs within the METC campus located at JBSA Fort Sam Houston, TX. The CAT 6A Plenum cabling included was integral to the CommScope ION-E DAS all-digital system which includes the mesh UAP network across designated sections among the five Medical Instructional Facilities (MIF) at METC and the BAMC Head-End. This comprehensive installation required coordinating with MNOs to ensure compatibility with current and future wireless infrastructures during and post MNO commissioning.

Project: **San Antonio Military Medical Center (SAMMC) DAS Installation**
Customer: Department of the Army
Date: 09/2017 – 03/2019
Contract Value: $2.12M
Description: We designed and installed a Neutral Host In-Building Multi-band Cellular DAS and an extensive fiber optic network at SAMMC located at JBSA Fort Sam Houston, TX providing comprehensive cellular coverage across 2.58M square feet. The solution supported all MNOs, improved connectivity for 18K devices, and enhanced operational efficiency for approximately 12K staff and visitors daily, ensuring reliable communication for healthcare and emergency services.

SOCIOECONOMIC STATUS

SBA SDB
Indian Small Business Economic Enterprise (ISBEE)

EAGLE TECHNOLOGY GROUP

UEI: MBZ8E2DEZTM9 CAGE : 6R8B4

Eagle TG is a tribally owned Small Disadvantaged Business (SDB) that excels in providing information technology and management consulting services. Dedicated to developing, deploying, and maintaining solutions that are secure, reliable, sustainable, and cost-effective, the company boasts a team experienced in supporting diverse programs for both federal agencies and private commercial enterprises, ensuring high quality, efficient services tailored to meet the unique needs of each client.

WHY TRIBAL?

Contracting with a Small Business Administration (SBA) recognized tribally owned SDB offers unique advantages to federal customers. By choosing to do business with us, agencies benefit from flexible and rapid procurement processes due to special federal contracting provisions that enable a more efficient path to high-quality, cost-effective solutions, while also fostering economic growth within historically underserved communities.

CONTRACT VEHICLES

GSA MAS

CONTRACT NO. GS35F418CA

Special Item Numbers (SINs):

54151S	Information Technology Professional Services
518210C	Cloud Computing and Cloud Related IT Professional Services
54151HEAL	Health IT Services
541519ICAM	Identity, Credentialing and Access Management (ICAM)
OLM	Order-Level Materials (OLMs)

✓ Multiple Award Schedule (MAS) is a Best-in-Class contract designated by the Office of Management and Budget as a preferred governmentwide solution.

✓ Contract types include fixed price (**FAR 16.2**), labor-hour (**FAR 16.601**), and time-and-material (**FAR 16.602**) terms.
